

About QBE Specialty Insurance

QBE Specialty Insurance is dedicated to distinct niche programs customized to meet the insurance needs of specific industries or business segments and is the combination of the underwriting programs of QBE, Praetorian Financial Group and North Pointe.

QBE Specialty is part of QBE the Americas, a division of QBE Insurance Group Ltd, one of the top 25 insurers and reinsurers worldwide. The Americas division, headquartered in New York, is a leading North and South American insurer and reinsurer.

Exceptional claims service

We believe the best measure of an insurance company is its ability to quickly and successfully settle claims. While other companies hire outside third parties to handle claims, we believe the equine class is unique and necessitates expert management in the adjustment process. Our claims adjusters are specialists, as well as equine and livestock owners. They not only know the right questions to ask, they know where to go for the right answers.

Our Livestock Mortality claims specialists are available 24 hours a day, 7 days a week to verify coverage and assist you in the claims process. Claims assistance is only a call away at 800.324.0269.

This brochure is designed to provide you with an outline of the QBE Specialty Livestock Mortality Insurance Program. It does not include all the features, exclusions and limitations of the policy.

Our Livestock Mortality Insurance Program is distributed through specialized equine insurance agents who understand the unique and individual needs of protecting equine and livestock investments.

For more information on the Livestock Mortality Insurance Program, contact your local specialized equine agent.

Coverages underwritten by Praetorian Insurance Company,
California Company ID #2991-8.
